Dear Parents

TJFC Website Player Photographs

As you may already know TJFC has its own website (www.tjfc.org.uk) The website holds information on the club and its activities.

We would like to enhance the website by including photographs with match reports. The players could be photographed either individually or as a team. We fully appreciate the concerns that photographs on the internet may raise with you as parents and as such we have come up with the following guidelines that we will observe when publishing match reports.

- No photo will be included where a player is named within a report.
- No name will be used against a photo.
- Full face photos will not be published.

We expect that most photographs published will be of the teams playing and will therefore meet the above criteria and be at a reduced risk of potential misuse.

If you wish for your child to be excluded in any photographs published on the website please complete the slip below and return it to:

I do not want my child's photograph published on the TJFC website.
